Hello DCRA and greetings.

On June 7th 2006 ANC2F wrote you regarding several properties in our community that were a concern due to the fact that they were vacant. We sincerely appreciate your response of June 30, 2006 and would like to follow-up regarding the status of 1109 M St. NW (SSL 0314 0003). As of yesterday, the online DCRA vacant property listing does not list this property yet the property remains vacant.

Please provide an update on the vacant property registration of this building as the property's neighbors are concerned. Our previous correspondence on this matter is posted on the web page shown below. Copied on this e-mail is the impacted ANC Commissioner.

Thanks again for your service,

Mike Sheaffer
co-chair
