subject Property at 1400 9th St. NW

mailed-by gmail.com
Hello DCRA,

Thank you for your recent correspondence dated November 16th, 2006 regarding the vacant property located at 1400 9th St. NW. We appreciate your efforts to bring this vacant property to compliance with the vacant property maintenance standard. In your e-mail you state that the previous violation of an unsecure violation was abated by the owner. While it does appear that some work has occurred we continue to be concerned about this building. Attached is a series of pictures that were taken on November 27th, 2006 and contain what we feel are ongoing violations of the property maintenance standard by the owner. We request that you continue the efforts you identified to us in your September 13th, 2006 correspondence and bring these violations to closure.

As is our practice, we are posting our correspondence to our web page at:

<http://www.anc2f.org/ccps.asp>

As always, thank you for your assistance.
