Dear Concerned Citizen:

This is in response to your correspondence regarding 1400 9th Street, N.W.

On October 11, 2006, the property was inspected. The inspection revealed several routine housing code violations. A Housing Violation Notice was written and will be sent certified and regular mail. A re-inspection on December 17, 2006, revealed that all previously cited violations were abated by the owner.

Hi again Edries,

I looked at this property in Monday evening, December 18th, with Lt. Mike Smith of the MPD. It is apparent that the owner has done a good amount of work on abating the problems and I sincerely appreciate the work done by DCRA on this property. While the building itself is still an eyesore (its needs to be painted badly), at least many of the other problems have been taken care of.

Please pass our thanks from ANC2F to those that worked on the project.
