Hello DCRA and thanks for the update.

Thank you for passing the matter to DPW.

The root cause of the problem seems to be the placement of trash in the alley by the residents of the rooming house at 1224 11th St.

Please ensure the point of contact at DPW is aware of the background regarding this property, which includes operating without a business license and code violations. This rooming house, which we had brought to your attention on June 7th, 2006, should be inspected to ensure that as a commercial operation the owner has a trash management plan.

If you could please provide us with the DPW point of contact it would be appreciated.

Thank you for your service,
