JOINT ANC2F AND LCCA COMMUNITY FORUM

By prior notice, the community forum portion of the ANC meeting was held as a joint meeting with the Logan Circle Community Association (“LCCA”), and devoted to issues of primary education in the public schools in the area. The ANC Education Committee was created at the November ANC meeting “assuring quality in public education by seeking improvement of the facilities, personnel, policies, and progress of education”. The meeting was called to order by the chairman and president, respectively, of the two organizations, **Charles Reed** (ANC 2F) and **Robert Maffin** (LCCA). **Evelyn Boyd Simmons**, ANC Education Committee Chair, was introduced.

Following initial remarks by **Simmons** during which she introduced fellow ANC2F Education Committee members **Avni Gupta-Kagan** and **Kate McMahon, Gupta-Kagan** presented information on public schools to which ANC2F residents are assigned and the nearby charter schools within Wards 1 and 2. The following elementary schools are in the Logan Circle/ANC2F area: Garrison Elementary (PS-5th), Thompson Elementary (PS-5th), Seaton Elementary (PS-5th) and Ross Elementary School (PreK-5). Francis-Stevens, Jefferson and Shaw are the middle schools for the area. High Schools are Cardozo, Dunbar and Wilson.

Dr. Peggy O’Brien, Chief of Family and Public Engagement District of Columbia Public Schools (DCPS) and **Jared Solomon**, DCPS Critical Response Team were introduced. **O’Brien** and **Solomon** conducted the community meeting regarding DC public schools.

O’Brien outlined the pre-school program (for 3-year-olds), pre-kindergarten program (for 4-year-olds) and Kindergarten programs that provide stimulating activities and learning experiences that will prepare children for success in kindergarten and beyond. **O’Brien** explained the child must meet legal requirements for age and residency eligibility in order to enroll at DCPS. **Pre-school**: Children must turn three (3) years of age on or before September 30th to be eligible for pre-school. **Pre-kindergarten**: Children must turn four (4) years of age on or before September 30th to be eligible for pre-kindergarten. All 85 elementary schools in DCPS offer pre-kindergarten and most elementary schools also offer pre-school. For kindergarten, the child must turn five (5) years of age on or before September 30th to be eligible and meet the

residency requirement. To apply for pre-school and pre-kindergarten 5, 000 seat citywide lottery, a parent must submit an application to DC Public School at www.dcps.dc.gov between January 28th and February 28th.

DCPS measures success by how well the students are achieving in grades third through tenth. DCPS believes that all children can achieve at the highest levels, and that it is their job to enable this. One way that they measure student achievement is by student performance on the periodic and annual assessments. The periodic assessment, the DC Benchmark Assessment System (DC BAS), helps DCPS track student progress and achievement throughout the year for students in grades 3-10. Student performance on the DC BAS gives an indication of how well students will then perform on the DC Comprehensive Assessment System (DC CAS). The DC CAS is administered once a year and shows how well students are meeting grade-level standards. DCPS' goal is to ensure that students are performing at or above grade-level and ultimately graduating on time, prepared for college and employment.

Several parents from Logan/ANC2F schools attended the community meeting, as well as Garrison Elementary School Principal **Rembert Seaward** and Thompson Elementary School Principal **Albert DuPont**. Principal Seaward encouraged parents to contact him directly with any questions they may have about their child attending Garrison Elementary or any concerns current parent may have. Seaward can be contacted at rembert.seaward@dc.gov. Principal DuPont expressed the same invitation.

O'Brien and **Solomon** answered several community questions regarding glitches in processing of applications for volunteering in a DC public schools, how DCSP communicates with the parents of children in DC public schools, if teacher job performance ratings are transparent to the public, and the need for capital improvement of Garrison Elementary, which is scheduled for 2012. Both **O'Brien** and **Jared Solomon** stressed that if a community member and/or parent has a question to contact them directly. **Dr. O'Brien** can be reached at 202-442-5885 or peggy.obrien@dc.gov and **Solomon** can be reached at 202-478-5738 or Jared.solomon@dc.gov.

The community discussed with **O'Brien** what the next steps are and how to make progress with the effort to improve schools. **Reed** indicated that there is a compelling need to make the public primary schools places where all the parents view them to be viable educational opportunities for their children and not be faced with the choices of incurring private schooling expenses or moving out of the neighborhood to areas with better functioning schools in DC or Maryland and Virginia. **O'Brien** stressed the desire of DCPS to partner with the Logan/ANC2F community. She described a successful process of community consultation in Ward 6 and stated her support for the effort to bring all schools in ANC2F together to work toward the overall goal of strong education and to include the community in those efforts. **O'Brien** also suggested reaching out to parent-teacher organization leaders, as well as principals and all parents to create a mission, assumptions, lobbying efforts.

ANC2F Chairman **Reed** thanked the community including parents, school leaders and DCPS for all supporting and participating in a very productive first meeting. He also reminded all that DC and federal government officials are bound to accord the advice of ANCs "great weight" in matters of concern to the community and that ANC2F will use its full power and effort to ensure that the aim of improving our schools is advanced.

The joint community meeting was adjourned at 8:55 pm.
