Omnibus Alcoholic Beverage Regulation Amendment Act of 2012 introduced by Councilmember Graham

Commissioner Reed shared that has been a working group for revision of ABC laws headed by Councilmember Graham. The bill is now before the council. **Reed** noted that the bill includes some provisions that are not as favorable to the neighborhoods. The controversy is around Hank's Oyster Bar's ability to cancel its Voluntary Agreement based on an erroneous interpretation of the law by the Board which was overturned in court. There is a hearing tomorrow on the Omnibus Bill. **Reed** suggests that the ANC advise the Council not to adopt certain provisions that are not in the best interest of our ANC. The issues include the existing provision for any five people to protest an application for the license if they state common issues. The bill restricts the five people to those who own property or reside within 400 feet of the establishment. Other provisions that **Commissioner Reed** believes are objectionable include 1) an ANC can overturn an individual protestant if it enters into an agreement-the individual's protest is dismissed, 2) a list of provisions which cannot be included in a VA.

Upon motion by **Reed** seconded by **Goekjian**, and after further discussion, it was,

RESOLVED, 1) ANC2F advise the Committee on Human Resources that it not adopt the bill in its current form and that it change the following provisions 2) 400 feet provision be removed, 3) the ANC not trump individual protestants, and 4) measurement of noise be done with windows and doors open, not closed.
