PSA had a 23% drop in total crimes in the same month from the previous year, with overall violent crime down 46%. However, property crimes increased. There were 54 burglaries from December 2010 to January 2011. Five assaults with dangerous weapons (excluding guns) took place in December. The biggest decrease in crime occurred in three areas: stolen autos, sexual assaults and robbery with gun. Officer Daee pointed out to the community that there is some spillover into the PSA 307 crime statistics from the late night scene at Franklin Square. Education Committee (Evelyn Boyd Simmons, Chair)

Evelyn Boyd Simmons, ANC Education Committee Chair, reported that work toward a partnership to pursue the goal of “assuring quality in public education by seeking improvement of the facilities, personnel, policies, and progress of education” is well underway and in the “Scoping and Building” phase. The anchor partners are ANC2F, LCCA and DCPS. The hope is that other community entities will join at the appropriate time as well. During this “Scoping and Building” phase, the primary focus is on the following:

- Understanding the nature of the challenge
- Gathering and sharing information
- Identifying and consulting with stakeholders
- Exploring partnering and other approaches to addressing the needs identified
- Identifying potential partners and supporters and securing their involvement
- Helping to build understanding of values and drivers of various partners and other parties
- Helping to build or strengthen capacity for collaborating
- Helping to create a vision of/for the partnership

Since November 3, 2011 when the committee was formed, the chair’s activities have included meeting with parents and other community stakeholders leading up to the December 1 joint ANC2F/LCCA meeting. The chair participated in a December 9, 2011 Wards 1, 2, and 3 stakeholder outreach meeting with then Mayor-elect Gray’s Education Transition Team Co-Chair Katherine Bradley and her staff. The fledgling ANC2F/LCCA/DCPS collaboration was described and an appeal was made for continued DCPS support of the effort under the Gray administration. Other points made were the importance of keeping capital improvement plans for Garrison and other ANC2F schools on track and of targeting parents of infants and toddlers in DCPS recruitment efforts for our neighborhood schools. The chair also expressed support for the appointment of Kaya Henderson as permanent Chancellor.

Planned activities include a January 8 LCCA sponsored meeting with ANC2F/LCCA parents with Margery Yeager of the Chancellor’s Transformation Management Team. The topic of discussion will be general information that parents need in order to consider local neighborhood public schools viable options. In addition, the chair will facilitate the education-related portion of the LCCA January 12 meeting and attend a January 13 Garrison Principal’s Coffee to discuss uses for DCPS recruitment grant monies.
New Business

In May 2009, the Washington Yu Ying Public Charter School (“Yu Ying”) sought and received the support of ANC 2F for use of the Franklin School Building on Franklin Park, at 13th and K Streets, NW for use to house the school. A public meeting had been called by the Deputy Mayor for Planning and Economic Development (DMPED) on the future of the historic Franklin School. The meeting was held on November 18, 2010 at Thompson Elementary School. The purpose of the meeting was to take community comments on a proposal to declare the school “surplus” property, for which there is no public use. The DMPED formulated a proposal to the D.C. Council to declare the property surplus. Even though some District residents do not want it declared surplus property it will remain in the control of the District. The outgoing Deputy of Economic Development deferred any action and this project will be looked at on a later date.
