Parking Task Force-Susan Butler, former Chair of the Board of the Studio Theater

Susan Butler gave a short presentation on the status of a new task force which has been organized to address the proposed Residential Parking Program (RPP) for Logan Circle area given all the new restaurants, residents, businesses, etc. This ANC was asked to pilot a program for restricted parking. The task force’s goal is to seek alternatives that may alleviate the current parking shortfall. Studio Theater attended the May ANC meeting where they expressed concern over the proposed RPP program. At the meeting, they were asked to put together a task force which they have begun gathering members. Current task force members include Albert Laber, Board Member, Lori Epstein, Studio Theater staff, a representative from Logan Tavern, a local real estate developer, Sheri Kimbel, Director of Constituent Services in the office of Jack Evans, Tim Christenson, Chair of LLC, a representative from Saint Luke’s Church, Nick Barron, ANC2F Commissioner, and a DC Government Official who is TBD. Membership on the task
force is still open. **Ms. Butler** reported that the next order of business for the task force will be to have a meeting. She expressed appreciation for the ANC suggestion of a task force and the opportunity to create one, in addition to sharing optimism at finding mutually agreeable solutions.

Evelyn Boyd Simmons was not present to give a report.

**Crime and Public Safety Committee (Christopher Linn, Chair)**

Christopher Linn, Chair of the Crime and Public Safety Committee shared that he provided flyers which have the crime statistics for the entire ANC, which extends beyond just PSA 307, and which include last year’s information in addition to this year’s information on crime in the area. He met with the LCC and Dupont area. Together, they have organized a meeting to discuss crime and public safety issues. Dupont will hold a meeting on Wednesday, June 20th issues are similar and discussed possibility of coordinating more in the future on their efforts.

Lisa Sutter, Program Manager for MPD, shared that since the introduction of the speed and red light cameras, fatalities have been drastically reduced in the District. They are now seeking support for photo enforcement. In looking at reducing fatalities further and addressing pedestrian safety issues, they have researched additional options with the red light cameras which will all be portable. There are several different types of enforcement and MPD has identified specific red light areas and additional places which these cameras may be placed to be most effective in achieving MPD goals. The proposed enforcement includes gridlock violations (blocking the box), speeding at intersections, stop sign enforcement, pedestrian safety enforcement, and oversize/overweight vehicle enforcement. When the initial bids for the proposed cameras were returned, they were higher than originally allocated in the budget and therefore they are asking the ANC to pass a resolution in support of these cameras and the additional funding. If you have suggestions as to camera placement, you may contact Ms. Sutter via e-mail Lisa.sutter@dc.gov or on her cell phone at 202-492-1150.

Christopher Linn expressed the ongoing need for police officers to continue to actively participate in traffic enforcement, and that the program focus on safety and not on generating revenues, and that the primary goal be behavior modification.

Upon motion by Benardo seconded by Reed and after further discussion, it was,

**RESOLVED,** ANC2F adopt a general resolution with some changes in support of Procurement and Effective Management of Enhanced Photo Enforcement Equipment for Traffic Control and send a letter to the District City Council.

**Arts Overlay Status Update**

**Ms. Doughty** gave a presentation to the CDC on highlights of the Arts Overlay Committee’s recent work during her tenure and outlined three future goals going forward. Ms. Doughty will be stepping down to dedicate more time to career pursuits. She expressed hope that the committee will:
1) Continue monitoring the 50% limit on eating and drinking establishments by linear foot in the Arts Overlay District. The ANC had previously had a 25% limit on the frontage that could be occupied by the eating establishments. The rule was onerous and difficult to enforce. The new rule, proposed by the Arts Overlay Committee and adopted by DCRA, uses a zoning square by zoning square (essentially a block) measurement.

2) Closely watch neighboring ANCs and petition for standing in the event that BZA variances become overly easy to obtain less they become routine.

3) Engage in re-write of DC’s Zoning Regulations and participate in hearings.

**Vote: (5-0) Unanimous**

**Treasure Goekjian** reported on the on-going issue of the withholding from our quarterly allotment of last year of the amounts of 8 checks on the grounds that they only contained one signature instead of the two required by the regulations. This matter was taken up by Goekjian in person with the DC Auditor last year; when he had pointed out that 6 of those checks did in fact contain two signatures, although the second signature had been placed in a different place on the check, Goekjian was given to understand that if a letter authorized by ANC2F to this effect was submitted, the funds withheld would be released. This letter was in due course submitted, but instead of releasing the withheld amount, neither that amount, the amount of that allotment authorized, nor the allotments for the subsequent two quarters were in fact released. As a result, there was not enough funds in the ANC2F bank account to pay the checks issued to our Executive Director for her monthly salary for the last four months. Goekjian requested the Commission that it authorize him to take all necessary action with the DC Auditor’s Office to resolve this issue and obtain immediate release of the several quarterly allotments that should have been released months ago. Goekjian also requested the Commission to authorize him all of the funds in the ANC2F’s Savings Account (approximately $10,000) to its checking account so that the Checks already issued to our Executive Director could be cashed immediately.

Upon motion by Reed seconded by Benardo and after further discussion, it was,

**RESOLVED**, That ANC2F authorize expenditures and actions as proposed by Treasure Goekjian regarding the DC Audit Board, allotments, and transfer of funds.

**Vote: (5-0) Unanimous**

Upon motion by Reed seconded Connolly that ANC2F enter into a Voluntary Agreement with Batchlertine and pending acceptance of

**Adjournment**
