Committee Reports

ABRA Policy Committee Report

Commissioner John Fanning, Chair

1610 14th St, NW (Ghibellina), ABRA #088785, request for support for substantial change in operation (12 seat sidewalk café, hours of operation, and entertainment endorsement). Petition date: Aug. 26.

As a procedural element, the Commission decided to protest the application until it is amended to reflect operating hours that are in line with similar establishments in the area.

Commissioner Fanning requested that issues related to seating in public space, including hours of service to patrons and cleanliness of the area, be addressed in the Settlement Agreement (“SA”). Fanning recommended the Commission protest the application until the aforementioned language is incorporated into the SA.

The Commission struck the entertainment endorsement aspect of this business item from the agenda, since the application is for a change in operating hours. The Commission agreed to look into the matter since the original application did include an entertainment endorsement.

Commissioner Connolly proposed that the Commission, including any Commissioner acting on behalf of the Commission in relation to this matter, not enter into an SA that’s less advantageous to the community than the current agreement.

Raymond moved to protest the application until all of the above conditions were met; the motion was seconded and approved by the Commission.
